

Bursenabend

The next AGIFA-Stammtisch will take place on

Monday the 10th of October, 2016 at 8:00 pm

Mr. Daniel Hoefert

will present the topic:

“There is No Oxygen in Simulation Land“

As specialists in premium aluminum casting, Eck Industries, Inc. delivers a multitude of challenging, primarily sand-casted aluminum parts to a broad selection of customers. Located in Manitowoc, Wisconsin, Eck Industries boasts a workforce of over 250 employees and a large assortment of alloy systems. Furthermore, Eck Industries provides intense technological support unmatched by many of its competitors. In this context, Mr. Hoefert operates as the link between clients and Eck Industries and its partners with regards to the application of various casting simulation methods. His talk will focus on oxide formation in Aluminum castings and possible options to predict oxides using commercial numerical simulation tools.

Anyone and everyone is more than welcome to join and enjoy Mr. Hoefert's interesting talk. Of course, it will be ensured that all parched throats and grumbling tummies will be properly alleviated.

Where: AGIFA Burse, Arndtstr. 24A, 52064 Aachen
for any question, please contact Mr. P. Weiß:
